

Project Portfolio

Farringtons School, Chislehurst

Background

Farringtons is an independent school in Chislehurst, which is a small town on the border of Kent and Greater London and is set in beautiful parkland.

Scope of Works

The scheme at Farrington School comprised of extending the existing school kitchens and the installation of all new appliances and units.

Building Associates carried out minor demolition works to the ground floor, excavated and laid concrete foundations in preparation for the new ground floor extension. The brick and block extension was created to provide new storage areas, new staff training room and a new servery.

Client: Farringtons School

Value: £ 1,035,000.00
